Date: 6/6/2022

Time: 5:00 PST

Show Superintendent Committee Meeting

Attendance:

Ramona Simpson (BOD Liason), Meggan Mumford (chair), Amanda Wick (secretary), Lisa Paquet and Jean Haumschild.

Absent:

Deb Yeagle

- I. Survey: Amanda explained the superintendent survey and the purpose of it. We found previous survey and read over it. **ADD: Do you have any tips/tricks for entering results that would help other show superintendents?** We like it and are going to proceed with getting this emailed to superintendents. We'll follow up with Susan after the gathering. Might have to re-create survey so the answers go to the show superintendent committee instead of Merlene.
- II. Meggan hasn't heard anything from the performance committee about the advanced drop-down option in show manager. Performance question, need more clarification for advanced animals... When moved up in one class (obstacle...) does said animal move up in all performance classes (obstacle, pr and pack...) ?
- III. Late Reporting: Hope that the survey will give us feedback to help superintendents avoid the late timely reporting fee.

Next Meeting: TBD
